AMERICAN GUILD OF ORGANISTS—TWIN CITIES CHAPTER

YFP&P4WYDHT2P

The first AGO Program of the new year will be on Tuesday, January 24, 2006, at 7:00 pm. It will be at St. Paul Episcopal Church, 1917 Logan Avenue South (at Franklin) in Minneapolis. We are looking for volunteers to perform and are hoping to gather a comprehensive repertoire list to share with our membership. Several organists will be performing their favorite preludes and postludes. This informal repertoire program will, perhaps, acquaint you with some interesting shorter pieces to add to your list of favorites. We are calling the Program: "Your Favorite Preludes and Postludes for When You Don't Have Time to Practice." The pieces will be 3-4 minutes in length and could/should probably be in your fingers for those busy days when you don't have time to practice. If you would like to play or have suggested pieces for the master list please contact Steve Gentile at 612-920-9511 or at genhen70@msn.com after December 4. The organ is a Dobson—op.70 II 36/45, 1998. Scott Rohr will be our host. Refreshments will be served after the program. □

A New Schantz Organ for MOUNT OLIVET LUTHERAN CHURCH

The Schantz Organ Company has completed the installation of a new organ for Mount Olivet Lutheran Church. It is a three-manual instrument of 5 divisions and 56 ranks. There are 51 ranks in the main organ and an additional 5 stops in the "choir" organ. The new Schantz replaces a 34-rank Moller organ that dated from 1956 with additions in 1967. The Moller has been removed to Mount Olivet's "West Campus" in Victoria, Minnesota.

(Schantz continued from page 1)

Though the Moller organ served the congregation for nearly 50 years, it was in reality too small in size and scaling and suffered from its placement in chambers that were over 18 feet deep. In addition, the Choir loft had no direct organ sound, so singers had to be content with having the sound of the organ amplified into the loft. The new chambers are much smaller, only 5' deep on the north side of the nave (Pedal division), and the new Swell chamber (south side) is less than 7' deep even though the Swell is now 20 ranks in size, double the size of the old Swell.

One of the most important goals for this project, in addition to better leadership for congregational singing, was to provide some "live" organ sounds to support the singers in the choir loft. To accomplish this we built a 5-stop "Choir" division in a case that serves as the reredos for the side chapel and speaks directly into the choir loft. This a floating division and can be drawn to play on any manual or the Pedal.

The Great, Positiv, and Pedal organs are situated on cantilevered chests so that for the first time in the church's history pipes are now in the same room with the congregation. The Great has 12 ranks of Principals plus a 16'/8' Violone. This provides the backbone resources necessary for the accompaniment of Lutheran hymn singing. The Swell, being the only expressive division, is well developed with two sets of celestes, a full battery of reeds, including a Vox Humana and a Festival Trumpet on 15" of wind pressure.

The organ was used for the first time on Rally Sunday this past September and was dedicated during Sunday morning services and an afternoon concert on October 9th. Kraig Windschitl is the resident organist and Dr. Beverly Claflin is the Director of Music.

Specifications are found on page 15.

Dean's Column

Dear Colleagues and Friends,

I wish all of you could have been present for the Development Workshop held a few weeks ago. Kate Walker, facilitator, was inspiring and efficient as she guided us through the evaluation of our chapter. We discussed the good qualities and the areas of concern with the desire to make our chapter better and stronger. The consensus opinion of the

participants was that TCAGO has many positive qualities such as our newsletter, *Pipenotes*, the variety of programming, and an active, caring community! Some short term and long range goals were discussed. We are grateful to Kate for her generous donation of time and expertise. Laura Edman, chair of the Development Committee will be sharing more information with you.

Please welcome Jeffrey Patry as the new Professional Development Chair! We offer our thanks to Maria Bucka who has served so well in this capacity for many years. She will continue with the Organist Helpline.

Due to the large numbers of requests to provide email communication concerning events, the TCAGO Board established an Event Advertising policy. A copy of this policy is printed elsewhere in this issue as well as on the TCAGO website under "About TCAGO."

Mark your calendars **now** for **January 24 at 7:00 pm** for a presentation entitled, "Your Favorite Preludes & Postludes for When You Don't Have Time to Practice."

As you plan your year end charitable donations, please remember TCAGO, AGO, and the J. Michael Barone Pipedreams Scholarship Fund.

I wish you all the blessings of this special season and the very best in the New Year!

Peace and Joy, Judy Campen

New Piece in the Big Apple—TCAGO Member News

Lynn Trapp performed the premiere of his own organ work in recital at St. Patrick's Cathedral, New York City, on Sunday, October 16, 2005. Cardinal Egan and the music ministry of St. Patrick's commissioned Dr. Trapp to compose the piece for a new chant and organ CD recording to be made at the cathedral. The Cardinal was given several chants from which to choose as the basis of the organ work, and the Exsultet Chant was selected. *Images of the Exsultet Chant of the Great Paschal Vigil* is a seven minute work which depicts the ritual, environment and chant experienced during the opening service of light in the Easter Vigil Service of the Roman Rite. The work is published by World Library Publications.

**WAMSO presents:
Grand Prize Winner Joan DeVee Dixon
in Recital on the New Schantz Organ**

Where: Mount Olivet Lutheran Church

5025 Knox Ave. So.- Minneapolis

When: Thursday, January 12, 2006 at 7:00 pm

SPECIAL PERFORMANCE: Joan DeVee Dixon, 1984 WAMSO Young Artist Competition Grand Prize winner, will present a free organ concert on the new Schantz organ at Mount Olivet Lutheran Church, 5025 Knox Avenue South, Minneapolis, on Thursday, January 12, 2006, 7:00 pm. The concert is free and open to the public.

Joan DeVee Dixon

Dixon made her professional debut with the Minnesota Orchestra at the invitation of Sir Neville Marriner. Since that time, she has conducted extensive concert tours of Europe and Japan. She now performs over fifty concerts a year in the USA and abroad as a soloist (both on piano and organ), accompanist, director of Emmanuel Brass, and pianist for the Chamberlain Trio. "A great show," "exciting," "dazzled," and "fantastic" are but a few of the words used by audience members to describe hearing pianist and organist Joan DeVee Dixon.

Dr. Dixon is an Associate Professor of Music at Frostburg State University in Frostburg, Maryland, and Organist and Music Director at the historic Emmanuel Parish in Cumberland, Maryland. She holds bachelors and masters degrees from Drake University, and a doctor of musical arts degree from Southwestern Baptist Theological Seminary. In 1992, Pendragon Press published her 700-page bio-bibliography of American composer George Rochberg. In 1998, she was named a recipient of the Maryland State Arts Council's Individual Artist Award.

The WAMSO Young Artist Competition was created by WAMSO in 1956 under the leadership of its first president, Rosalind Pflaum. For fifty years, it has offered young artists (25 years and younger) an opportunity to showcase their musical talents on any instrument that has a permanent chair in the Minnesota Orchestra and to compete for cash prizes, scholarships and performances. Winners of this prestigious competition have gone on to perform in venues all over the world. In fact, there are four former winners playing with the Minnesota Orchestra today.

Works on the program include (tentatively): the American Premiere of "Fantasy and Faith at Oxford" by Emma Lou Diemer; a set of spirituals by various composers including

Rosalie Bonighton, Libby Larsen, Stephen Paulus and Ms. Dixon herself, and arrangements by Ms. Dixon of selections from "The Sound of Music" and Scott Joplin's "Palm Leaf Rag."

The organ was moved from the Ringling home to St. Joseph's Catholic Church in Baraboo where it served for many decades. In the 1990s, the church sought other musical (or semi-musical) sources. Though attempts were made to save the organ, it was given a "Farewell Concert" on September 28, 2003 and then removed under the supervision of Paul Snyder of Baraboo. The dismantled organ was sold at auction to Todd Peterson of Minneapolis and then moved to storage at the Hendrickson Organ Company of St. Peter, Minnesota. It is for sale, and bids are being accepted.

The organ occupies a floor space c. 16' x 16' and a height of 17'. A large new laukhuff blower was installed in 1994. Otherwise, it is all original.

RINGLING HOME PIPE ORGAN

The name Ringling is forever associated with the circus, and the Ringling home in Baraboo, Wisconsin was an imposing edifice representing the fame and wealth of the family. In 1899, a 24-rank pipe organ was installed in the home – a large and early installation of a home organ in the USA.

The organ was built by Farrand & Votey of Detroit and is their opus 758. It has two 61-note manuals and a 30-note pedal. All of the manual ranks, except the Great Open Diapason 8', are enclosed in a single expression box. The firm had purchased the patents of the Roosevelt Organ Company, and the Ringling home chests are of Roosevelt style.

Farrand & Votey became associated with the Aeolian Company as well as Hutchings for whom E. M. Skinner worked. Skinner would later become Vice President of the new Hutchings-Votey firm. A founder of the Austin Organ Company, John Austin, worked for Farrand & Votey before starting the Austin firm with his brother Basil.

The Ringling home organ is unusual in being built as a tracker-pneumatic instrument. The key and stop action are tracker, but the chests are pneumatic. This is not exactly the same action as the famous Felgemaker organ in Duluth, but they are distinctly related in this period of transitional designs.

VocalEssence Welcome Christmas! Concerts

It has been said that the cello is the instrument that most resembles the human voice. Cello and chorus combine to present a beautiful welcome to the holiday season when the VocalEssence Chorus and Ensemble Singers, along with Anthony Ross, cello, and conductor Philip Brunelle, perform four holiday concerts (Dec. 4, 8, 10, 11) entitled *Welcome Christmas!* this year.

The centerpiece of the concert will be British composer Sir Richard Rodney Bennett's *A Farewell to Arms*, originally commissioned and premiered by VocalEssence in 2002.

This year's concerts will also feature the winning carols for cello and chorus from the eighth annual VocalEssence/American Composers Forum *Welcome Christmas! Carol Contest*.

A selection of Richard Rodney Bennett's carol settings, along with other English carol arrangements, rounds out the program, which ends on a grand note with an audience sing-along of G.F. Handel's beloved *Hallelujah Chorus*.
